Date	Time	until

We are able to host a total of 49 individuals. Please provide us with a total number of participants (including all students, teachers, staff and chaperones).

Total number of participants

Grade level of participants

Confirm that your group is available for a 1 ½ hour education demonstration

Please indicate if there are any Special Education Needs requirements for your visit.

Please provide us with some clarification on how the MCEER IS Educational Demonstration will correspond with the students' current or previous unit of study. Please indicate to what extent the students have covered the topics of plate tectonics, the geophysical elements of earthquakes, and the basics of engineering.

Please Submit Form To: Andrew McNeil, Email: admcnail@buffalo.edu
